Air Quality and Wood Smoke Mitigation

- **Moved By**Cole-Hamilton

Seconded By McCollum

THAT based on the July 25, 2022 staff report "Air Quality and Wood Smoke Mitigation" Council approve

OPTION 1, and direct staff to:

1. Review and revise the following bylaws to regulate excessive wood smoke that is causing a nuisance:
 - a. Prevention of Public Nuisances Bylaw No. 2804
 - b. Municipal Ticket Information Bylaw No. 2435
 - c. Nuisance Abatement and Cost Recovery Bylaw No. 2987
2. Develop a metric, in consultation with the community and other local governments, to identify excessive wood smoke;
3. Develop a public education campaign to communicate upcoming bylaw expectations, and encourage residents to reduce their use of wood burning appliances;
4. Design a network of PM2.5 air monitoring devices that report the real time PM2.5 concentrations on a publicly available map; and coordinate with other local governments in the region to ensure new monitoring devices are part of a regional PM2.5 monitoring network.
