

Episode 56HP August 20, 2023. **Jeopardy!** Parallel Track PM2.5 complaints for near neighbors of indoor residential wood burners, alongside EPA wood stove certification

**Jeopardy! This is PM2.5 Parallel Track proposal Jeopardy!**

**Page 1: Jeopardy Questions (with answers audible)**

Category 1 1989 Parallel Track from NIAID Director Dr. Anthony Fauci

\$200 Why a need for 1989's Parallel Track? Use of 2<sup>nd</sup> AIDS drug Ganciclovir normally violated FDA AZT Clinical Trial rules. \$400 Why Ganciclovir in 1989 & PM2.5 complaints by near neighbors of indoor residential wood stove burners decided by NIAID? Both Ganciclovir and PM2.5 complaints protect public health. \$600 Did 1989's Parallel Track save lives and could 2023's Parallel Track save lives? Yes. \$800 Who okayed Parallel Track in 1989? President George H. W. Bush and his Chief of Staff John Sununu \$1000 Who pressured Dr. Fauci to push 1989 Parallel Track? Act up, AIDS sufferers whose friends died or became blind without both AZT & Ganciclovir.

Category 2 2023 Proposed Parallel Track ask of NIAID director Jeanne Marrazzo

\$200 Why is 2023 proposal called Parallel Track? EPA NSPS for Wood Stoves alongside NIAID allowing PM2.5 NAAQS complaints by near neighbors of indoor residential wood burners

\$400 Year to begin timely wood stove PM2.5 complaint Parallel Track? 2023, because EPA suggests 2027 as earliest date NSPS could change.

\$600 Why need for Parallel Track? Currently, use of PM2.5 NAAQS complaints violates policy of no complaints allowed if EPA wood stove is certified

\$800 Who might okay Parallel Track? NIAID Director Jeanne Marrazzo or President Joe Biden

\$1000 Who is pressuring Dr. Marrazzo to propose Parallel Track? RAWSEP who suffer from PM2.5 pollution's link to antibiotic resistance.

Category 3 Guess the Abbreviation!

\$200 NIAID in words? National Institute of Allergy and Infectious Diseases

\$400 Who is Director of NIH (National Institutes of Health)? Lawrence Tabak, who is Jeanne Marrazzo's Supervisor.

\$600 What is NSPS in words? EPA New Source Performance Standards for PM2.5 (for Indoor Residential Wood Stoves burning cord wood)

\$800 What in NAAQS in words? EPA (PM2.5) National Ambient Air Quality Standards, measured by PM2.5 monitors.

\$1000 What is EPA in words? Environmental Protection Agency, which regulates wood stove certification & ambient air pollution.

Category 4 Top five states with greatest percentage of wood stoves used as only heat source

\$200 the green mountain state = Vermont 1<sup>st</sup> in wood stove only heat source

\$400 state with Acadia National Park = Maine 2<sup>nd</sup> in wood stove only heat source

\$600 with nickname "Land of enchantment" = New Mexico 3<sup>rd</sup> in wood stove only heat source

\$800 Nickname "treasure State" = Montana 4<sup>th</sup> in wood stove only heat source

\$1000 nickname "gem state" = Idaho 5<sup>th</sup> in wood stove only heat source

Category 5 13 Assistant Attorney Generals, Deputy Attorney Generals and Counsel threatening to sue the EPA

\$200 1<sup>st</sup> 2 alphabetically? Alaska Senior Assistant Attorney General & Illinois Assistant Attorney General

\$400 2<sup>nd</sup> 2 alphabetically? Maryland Special Assistant Attorney General & Massachusetts Assistant Attorney General

\$600 3<sup>rd</sup> 3 alphabetically? Minnesota Special Assistant Attorney General & New Jersey Deputy Attorney General & New York Assistant Attorney General

\$800 4<sup>th</sup> 3 alphabetically? Oregon Attorney-in-Charge & Oregon Special Assistant Attorney General & Vermont Assistant Attorney General

\$1000 last 3 alphabetically? 2 Washington Assistant Attorney Generals & General Counsel, Puget Sound Clean Air Agency

Category 6 Why NIAID complaint based system, alongside EPA wood stove certification ?

\$200 In addition to asthma and lung cancer, what is the latest proven adverse health effect of PM2.5? Antibiotic resistance.

\$400 Are many viral infections such as AIDS and COVID-19 often followed by bacterial infections? Yes.

\$600 Does antibiotic resistance mean that antibiotic drugs fighting bacterial infections won't work or don't work well? Yes

\$800 Does NIAID decide policies to protect the public from infectious viral diseases & infectious bacterial diseases? Yes.

\$1000 Are AIDS and COVID 19 infectious viral diseases? Yes, & COVID 19 is an airborne viral infectious disease.

Episode 56HP August 20, 2023. **Jeopardy!** Parallel Track PM2.5 complaints for near neighbors of indoor residential wood burners, alongside EPA wood stove certification
