

HANDOUT Survey: Wood Stove Exchange for a Heat Pump which is subsidized? *is Required fields
What is your email?*

What is your name?*

What is your street address?*

What is your city and state*

What is your zip code?*

What is your telephone number?

Are you interested in exchanging your wood stove for a Heat Pump which is subsidized?*

Yes

No

Maybe

What is your income on your 2023 tax forms (forms filed on April 15, 2024)?*

Below Federal Poverty level (\$14,580 for individual, \$19,720 for family of 2, \$24,860 for family of 3, \$30,000 for family of 4)

At Federal Poverty Level, and up to twice the Federal Poverty Level

At twice the Federal Poverty Level ((\$29,160 for individual, \$39,440 for family of 2, \$49,720 for family of 3, \$60,000 for family of 4)

Above twice the Federal Poverty Level but less than \$75,000 for an individual

\$75,000 and up to \$90,000 for an individual

Over \$90,000 for an individual

What kind of wood stove do you have?*

Single room wood stove.

Wood stove that has ducts to more than one room.

What model and year is your wood stove?*

Would you like Residents Against Wood Smoke Emission Particulates (RAWSEP) to get back to you with an estimate of what Heat Pumps are available to exchange and what your RAWSEP subsidy amount in exchange for a wood stove could be

(estimates can only be made in 2024 when Your State's possibly additional Heat Pump subsidies are announced).*

Yes

No

Is the wood stove your only form of home heating?*

Yes

No

If there is an alternative form of heating for your home, what is it?*

A second wood stove

Propane

Fuel Oil

Electric Radiators

Natural Gas Furnace

Other

If you answered other, what other form of home heating (other than your wood stove) do you use for home heating (not one of the choices in the question above).

In 2023 in Wisconsin, there were 1)State (Focus on Energy) rebates for Heat Pumps and 2)State (Focus on Energy) income qualified rebates for Heat Pumps. A rule of thumb for income qualified rebates was: If your gross annual household income was less than \$82,317 or gross one-month income was less than \$6,860, you may in 2023 have been eligible for income-qualified rebates. State rebates for Heat Pumps in 2024 are expected to range up to \$8,000 based on income qualification. Did you find this information about 2023 helpful? Do you only want information about 2024 State Heat Pump rebates when that information becomes available?

This survey is found at

<https://rawsepresidents.wpcomstaging.com/surveys/> For more information about the wood stove exchange and subsidy program email rawsepresidents@gmail.com RAWSEP, a 501c3 nonprofit, is working with a United States Department of Energy Expert Match to write a grant for a 2024 wood stove exchange and subsidy for a Heat Pump and Heat Pump installation, and also a handout of PM2.5 monitors to any near neighbor of an indoor residential wood burner whose wood smoke enters the near neighbor's yard and sickens them. Heavily subsidized Heat Pumps may also be given out to near neighbors of indoor wood burners in order to create clean energy communities in Wisconsin, without air pollution caused by home heating.
