

Episode 56WZ August 16, 2024. Clean Alternatives to Indoor Residential Wood Burning for Home Heating are being offered to Wisconsin Residents starting in August and September 2024.

Starting in September 2024

Heating and Cooling Rebates

Heat Pump rebates up to \$8,000

How do I get rebates for my new equipment?

There are two instant discount levels: standard and income qualified.

If you are not eligible for income-qualified discounts, you may still qualify for standard instant discounts.

Heat Pump rebates of up to \$8,000 based

on a sliding income scale will be available at Focus on Energy

<https://focusonenergy.com/residential/heating-and-cooling>

80% of median Madison income is \$97,800 for a family of 4 and 80% of median Madison income qualifies residents for up to an \$8,000 rebate on Heat Pumps that work down to 40 degrees below zero (Fahrenheit and Centigrade Temperature scales briefly converge at 40 degrees below zero).

Started on August 2, 2024

Insulation and Air Sealing Rebates

Ready to insulate your home? One of the best ways to improve comfort, lower your energy costs, and boost efficiency in your home is through insulation & air sealing. These home improvement projects can also help remedy and protect against ice dam issues in the winter and air quality issues year-round.

Focus on Energy offers rebates to bring down the cost of insulation and air sealing, and a list of Trade Ally contractors to help you complete the project with ease. Or, if you prefer a hands-on approach to home improvement, check out our available [DIY Rebates](#).
