

## Episode 57DFB March 9 2025 Talk Show Beehive Sandman the Musical with Angel investor RAWSEP

Cast of characters of Beehive Sandman the Musical Beehive Sandman A mortal man miraculously not slowed down by age and still wowing the crowds with the clean energy of his message Oppose authoritarianism which seeks to turn the United States specifically away from solving scientific problems and way from solving medical conundrums That authoritarianism embodied in the Musical Characters of Rump and his Neo Nazi henchman Soulless Husk is specifically is 1 attempting to turn the United States back to a time when there was no scientifically and medically based healthcare at all and 2 attempting to turn the United States back to a time when there were no sources of clean energy for home heating for all The heroic figure of Beehive Sandman fights for modern scientifically based and medically based healthcare for all The heroic organization of Residents Against Wood Smoke Emission Particulates RAWSEPresents or RAWSEP fights for modern clean home heating for all Heat Pumps as the best alternative to the air polluting PM2.5 spewing archaic and outdated method of home heating of indoor residential wood burning in 2025 RAWSEP is embodied in the Musical as the character Rawsepette or Little Rawsep an orphan with an orphan disease that only Beehive Sandman addresses at the beginning of this musical The memory of Abraham Lincoln hovers over most of the musical proceedings as a benign presence although Lincoln always is costumed in a tall black hat The malign presence of the Near Neighbor who is an indoor residential wood burner exists as a cough inducing black cloud for the first two acts of this three act play How either the Near Neighbor is summarily dispatched or the PM2.5 cloud of the Near Neighbor caused by his indoor residential wood burning is abruptly and summarily ended is either the heart stopping or the heartfelt dramatic ending of this ultimately upbeat musical What will it be? This musical is somewhat unique in that the audience chooses their own adventure at the end of Act Two

Act One Introduction to Rawsepette at a gathering of Scientists around the Lincoln Memorial

Rawsepette I am abandoned to the winds of fate My fate is ordained because there are no scientific or medical discoveries to interrupt a sad fate of being inundated by clouds of PM2.5 from indoor residential wood burning by my near neighbor

Beehive Sandman Look I am only one man and one politician I am already busy talking about universal healthcare Please speak up for yourself Rawsepette!

Rawsepette You have inspired me to speak up and tell the world beginning with the United States which at this time because of the efforts of Rump and the Soulless Husk is in a peril unimaginable by the founders of this Great Nation Our great research universities are being stripped of research money that could lead to curing cancer Our great advances in vaccine discovery and vaccine availability are being threatened by stripping of money for researchers and healthcare personnel I could go on and on with my voice only getting higher and higher and eventually disappearing into the ether

Beehive Sandman I am a practical man so I must point out that ether as an anesthetic has been discontinued for quite some time due to safety concerns Get some medical and scientific advice in your fight against indoor residential wood burning and get off my back

Scientist at the Lincoln Memorial Oh Rawsepette I remember now Those heat pump rebates of up to \$8000 based on a sliding income scale are available in many states now through the previous Biden Administration Inflation Reduction Act IRA program Heat Pumps which now work down to 40 degrees below zero and double

as air conditioners are now available in 2025 and with Heat Pump Rebates those Heat Pumps are now affordable and cheaper than burning wood for home heating

Medical Doctor at the Lincoln Memorial Oh Rawsepette I remember now There are numerous studies that show that wood burning emissions are 90 percent PM2.5 particulate matter of 2.5 micrometer size the perfect size to infiltrate the human lung setting off a cascade of human health problems and early deaths

United States Senate and United States House of Representatives then miraculously bipartisanly unite as is done in Germany in 2025 as a firewall against the small United States faction called HAGAA Hags of both sexes against you know really Ga Ga Against America

Lady HaHa You know I might sue if you use a name close to my name to represent the Rump group HAGAA which I oppose to my very being I am a liberal lady although I use a highfaluting stage name Lady HaHa I live to sing in peaceful harmony and I sing to live in that same angelic state

Rawsepette Oh Lady HaHa I know you do not want any false iteration of your name used for propaganda especially since World War Two is far over and World War Three is only a pipe dream of Rump and the Soulless Husk Like you Lady HaHa we are angels In your case spreading joy through song and in our case hopefully spreading joy through operatic high notes fading into obscurity because we cannot quite reach them on this humble stage

Lady HaHa Okay I will take on the character of Angel Number One What are the lyrics anyway?

Rawsepette scrambling Well let me see We will get back to you for Act Two I think we will call Act Two Angels in America

Lady HaHa Get a room and figure out an original title once in while writers!

Act Two Angels in America Redux

Rawsepette Lady HaHa I mean Angel Number One will gift us with a song

Lady HaHa Hey Everyone you know the words We are the Heat Pumps We are the clean alternative to indoor residential wood burning!

A line of high kicking chorines with Heat Pump box like costumes dance across the stage from left to right and then from right to left in a bipartisan dance that has the audience leaping on stage to join them

Lady HaHa The telephone lines and email in boxes of each United States state that offers Heat Pump Rebates are burning up! The purchase of Heat Pumps at low low prices because Heat Pumps are discounted by Heat Pump Rebates are figuratively going through the roof! This has turned out to be a Lady HaHa benefit concert for clean energy for home heating! It makes no economic sense for anyone in America to continue to use wood burning for home heating!

Rawsepette And remember that indoor residential wood burning for home heating emits 90 percent PM2.5 particulate matter of 2.5 micron size the perfect size to infiltrate the human lung setting off a cascade of human health problems and early deaths! PM2.5 also contributes to climate change!

Act Three when even Abraham Lincoln gets involved

Abraham Lincoln I followed science even back in 1863 In 1863 I met a follower of Euclid and we exchanged some pithy lines about our mutual admiration for Euclid I would most undoubtedly approve of the wholesale implementation of Heat Pumps in replacement of air polluting indoor residential wood burning in 2025!

Lady HaHa Thanks Abraham Lincoln for as we know now you know everything!

Rawsepette And you know my orphan soul has found a home My home that is no longer inundated with PM2.5 from indoor residential wood burning by a near neighbor My near neighbor has been financially compensated for exchanging his indoor residential wood burning for a clean energy Heat Pump that works down to 40 degrees below zero and doubles as an air conditioner The monthly electricity bills of my near neighbor have been lowered immediately by use of this efficient method of home heating Near Neighbor Now just try to get me to stop using a gas guzzling and air polluting gas fueled car! Rawsepette How to promote electric vehicle use without offering further monopolistic incentives to the Soulless Husk That will be the theme of the next operatically excessive musical sponsored by the Angel Investors of RAWSEP Stay tuned America and I am not referring to a tune up of your polluting gas powered vehicle! RAWSEP wondered if the term Angel could be interpreted as nondenominational Question to ChatGPT What religions have angels?

**Excerpts edited by RAWSEP for brevity and clarity and relationship to Residents Against Wood Smoke**

**Emission Particulates a 501c3 nonprofit organization**

ChatGPT said Angels appear in several major world religions often with similar roles as messengers or servants of divine will Here are some of the key religions that feature angels Judaism Angels are an integral part of Jewish tradition They are seen as messengers of God carrying out tasks such as delivering messages for example the angel Gabriel delivering messages to prophets like Daniel Jewish texts like the Tanakh and the Talmud describe angels but they do not play as central a role as in Christianity or Islam Christianity Angels are a prominent part of Christian theology often acting as messengers or guides for humans Notable angels include Gabriel who announced the birth of Jesus to Mary and Michael often seen as a warrior angel Angels are featured extensively in the Bible particularly in the New Testament Christianity has a well defined angelology the study of angels with different choirs or orders of angels for example seraphim cherubim Islam In Islam angels known as mala Ika are powerful spiritual beings created from light They do not have free will and always the commands of God Some of the most significant angels include Gabriel Jibril who delivered the Quran to the Prophet Muhammad and Michael Mikail who provides sustenance to the creations of God Angels play a central role in Islamic theology especially in the afterlife and the Day of Judgment Zoroastrianism In Zoroastrianism angels referred to as Amesha Spentas and Yazatas are spiritual beings created by the supreme god Ahura Mazda They act as divine spirits who help maintain the order and purity of the world Bahá'í Faith In the Bahá'í Faith angels are seen as symbolic representations of divine attributes or forces They do not have physical forms and their roles are more spiritual guiding humans toward truth and assisting in the fulfillment of the will of God Hinduism While the concept of angels is not as pronounced in Hinduism there are spiritual beings that fulfill similar roles such as the Devas and Apsaras The Devas are celestial beings who govern various aspects of the cosmos and Apsaras are often depicted as celestial nymphs or female spirits Sikhism Unlike some other religions Sikhism does not have a strong emphasis on angels However it recognizes spiritual beings and the idea that God's will is executed by various divine forces Other Traditions Several indigenous or lesser known belief systems also have spiritual beings similar to angels These entities might serve as protectors messengers or guardians although the specifics can vary widely across cultures In short angels are a feature in many world religions
