

Web 57DHYAFZP January 11 2026 Oil producing 3 way world split of power Ceding power to China

Cartoon 1 of 5 Oil Producing Encouraged by the Current Administration! Cell 1 In the early 1910s Winston Churchill ordered the conversion of British dreadnought battleships to oil fuel from coal! Cell 2 Churchill anointed the United States in the 1910s the largest producer of oil in the world as the natural leader of the 20<sup>th</sup> century! Cell 3 Today China is a power state! It pursues energy in every direction harnessing an army of scientists and industrial R and D! Cell 4 Thanks to shale the United States surged ahead of Saudi Arabia in the oil and gas stakes!

Cartoon 2 of 5 Current Administration wants 3 way World Power Split! Cell1 The post-World War II rules-based order is collapsing! Cell 2 American influence still relies on alliances overseas bases and centrality in global finance and trade! Cell 3 future pandemics climate change weaponized artificial intelligence cyberattacks and transnational terrorism simply cannot be managed alone! Cell 4 The US China and Russia are using state power to advance a militarily coercive foreign policy in only 3 spheres!

Cartoon 3 of 5 Current Administration ignores Europe and Asia! Cell1 The Americas appear to be the priority of Washington DC! Cell 2 to the detriment of time and attention on Europe and Asia and to the ultimate benefit of Beijing! Cell 3 None of these states can retreat into self-contained bubbles without undermining overlapping world networks! Cell 4 causing more flashpoints among nuclear-armed powers more nuclear proliferation and less cooperation on global threats!

Cartoon 4 of 5 India Brazil South Africa and Iran The Global South occupied or constrained! Cell1 Nations shaped by the imposed hierarchy of the last century! Cell 2 are now central to the next chapter of global history! Cell 3 These are nations such as India Brazil South Africa and Iran! Cell 4 that have experienced varying degrees of occupation tutelage or external constraint!

Cartoon 5 of 5 Current Administration cedes power to China! Cell1 India puts up monuments but is not good at providing services and prosperity! Cell 2 Russia has a courtiers who assure the president he is always right! Cell 3 China and the US clash over Taiwan China and India clash along their common border and Russia and Europe clash over its eastern border! Cell 4 Smaller powers may scramble to find shelter but as happened before 1914 shift allegiance if they can see a better deal!
