Web 57DHYAFZZFLMM November 1 2026 England and Wales October 2026 Purple Air PM 2 point 5 levels
The Purple Air Map uses the standard US EPA Air Quality Index AQI gradient color scale to show real-time PM2 point 5 pollutant levels
AQI Color Breakdown
Green Zero to Fifty Good Air quality is safe and satisfactory
Yellow Fifty to One Hundred Moderate Acceptable air though sensitive individuals may face minor risks
Orange One Hundred One to One Fifty Unhealthy for Sensitive Groups including children older adults and those with heart or lung conditions
Red One Hundred Fifty One to Two Hundred Unhealthy. General public may experience health effects; sensitive groups may experience more serious effects.
Purple Two Hundred One to Three Hundred Very Unhealthy Health alert everyone may experience health effects
Maroon or Brown Three Hundred Plus Hazardous Emergency conditions affecting the entire population Here depicted in gray
